

PS-DC32A16HD-4DK

16 Channel Power Supply Box

- Provides 12v, 2 amps for 16 channels
- Universal AC Input Range. 110V-220VAC, 47-63Hz
- Individual voltage adjustable for each output, 11-15V
- Regulated and filtered DC outputs
- External LED indicator for each output
- Short circuit /Over Voltage/Over Current/Over Temp Protection
- 100% full load burn-in test, High efficiency, Long service life, high reliability

Technical Specification

System

Model	PS-DC32A16HD-4DK
Input Voltage	AC110- 220V, 4A 47-63Hz
Output	DC 12V 32A(MAX)
Channels	16 Channel
Efficiency	≥82%
Fuse Type	PTC Fuse
Fuse Rating	2000MA
Load regulation	A ±5%
Operating Temperature	50-104°F (-10~40°C)
Color	White and Royal Blue
Run Life	10000 hours
Dimensions	8"x 9.8"x 3.0" (205mmx250mmx100mm)
Weight	4.4 lb (2Kg)
Application	Coax, IP and PTZ cameras, Access Control, etc.
